

Sam Poe Prophecy – July 2009

I just feel God is working in this church. I've really felt this morning as I was praying for you, that some of you will actually say goodbye to this wonderful place that you live in, such a beautiful area, who wouldn't want to live here. Some of you will say goodbye to this and will go into cities and towns in other places that aren't as beautiful, because you are on mission.

I just saw a vision of this church; I am going to call it this church if that is ok with you, I think that is ok with the Lord. I saw a vision of this church and I just saw you pregnant, I just feel there is a pregnancy going on here and as I sort of was talking to the Lord about this picture I felt that he dropped it in my heart that the pregnancy is multiply birth is coming on there is more than one baby coming. There is a multiple birth, and I felt that means that there are going to be new churches planted out from you. That the work of church planting isn't over it's really just getting going. I feel there is going to be multiplication of sights, gathering places. I feel there is some new babies going to be born in the neighbouring communities around here but it reaches further than here. There's going to be babies born further afield, I feel there's and you will have to call on the Lord, let this word be tested and confirmed. I feel there's a birth that is going to happen in a metropolitan area of a larger city. I just feel that's a seed that I want, that I felt the Lord wanted me to sow that, I don't feel I should take it any further that.

God has some things he wants to bring to you that I feel in the days ahead, and then I felt that there was going to be some real involvement in seeing some things birthed even in other parts of the world, regions and areas that you have not fully touched yet, or been involved with. There's some ends of the earth kind of birthing going to happen things that reach out far beyond way, way, beyond your own region. And I just felt that the Lord wants to stir something up among you, a fresh faith for multiplication, a fresh faith for fruitfulness. You've seen fruitfulness, you know about that; yet I feel the Lord is sort of pushing something through here that is fresh, there's some birthing that is going to be happening that is going to bring you into new dimensions of fruitfulness.

Dave can you just come over here, I just want to say something to you. I feel there's, I just saw a picture of you, I saw the Lord coming to you with like a commander and chief and he was handing you fresh marching orders. He was putting in your hand fresh marching orders. I just feel it is not business as usual right now and I feel there's, it like almost like there's, a stirring in your heart that felt sometimes like frustration but it actually is the Holy Spirit stirring things up inside of you to be able to receive the fresh marching orders that is coming. Oh and it has to do with this fruitfulness. It's not just for you this is a word for others here as well, but I feel that there is a significance particularly for you in this and He's releasing something on you and an anointing, a fresh anointing and prophetic revelation to communicate this thing The Lord wants to do through this work through this birthing that is going to be happening. There is a vision that is going to be increased, it is not a completely brand new vision, but it's getting bigger, broader, and there's some fresh marching orders that go with it, and it has to do with mobilising others into the harvest field. In order for this vision to happen the Holy Spirit is going to work in this fellowship to mobilise in brand new ways, both in this area round here and beyond. There's a mobilising that is coming, and this is to all the leaders here I believe you can all receive from this word, God is going to be using you to help bring people through, young men and young women and others some of retirement age, rising up with new zeal and new boldness to go forward in the purposes of God. This is not a time for settling, this

is a time for raising up your eyes on the harvest field, and it felt like there's some new links in the spirit that God is bringing to you, I know you have links across national boundaries already; I feel there's more to come. There's some fresh new links that God's going to begin to bring your way that have to do with this calling to be fruitful not only here but in regions beyond.

And I am going to speak to you as a group of churches here because in a sense that is true, there is three churches represented here that is my understanding, yea right three and yet it's all hooked up isn't it? And there's just a kind of a phrase that we use, say to ourselves when we believe God has given us, we can do more together than each apart. I feel that has a very specific application to you here, and I just felt that it was significant this morning that we are altogether. I know there is three distinct congregations that God has raised up and there may be others as well. I do not know the full nature of this but I feel that this is going to change into more congregations, and yet there is going to be something that holds you together, and that something that holds you together is not just going to be that you get together every so often to have a meeting once a year or so it's going to be the mission, the mission is going to be the driving force in drawing you together; and I was sort of thrilled when I heard Dave say this morning that you are going to get together more this year. I don't know what happened last year, and I don't think there is anything wrong that you did not meet together like this but it did bring joy to my heart in the light of what I felt The Lord was putting in my this morning that you are going to do it more in the coming days and there's something significant about that in the light of the mission that you are on. It wouldn't have lots of meaning without that, it would be good not great like it will have as you pulse with the mission God's called you to, to be a blessing not only here but in regions beyond.

Thank you Father for your word, for your presence, thank you for what you are doing in your church here, churches, and church, and Lord I just want to speak blessing over this today, Lord because your spirits here, because I believe that there is significance in the words we speak, when your presence is at work. I speak your blessing over what you are doing in this place. Let this fellowship multiply and increase, open those doors Lord in fresh ways. I praise you. I ask Lord that you would raise up here strong leaders men and women you will go forth in the power of the your spirit to glorify your name all over this area, into regions beyond, thank you Lord in Jesus' name. Amen
